This is the first book of the YOU OWN ME Series, another wild and wicked story with a delicious mix of romance and deep passion by Katelyn Skye. After a painful year, Rozlyn "Roz" Michaels is ready for a fresh start. Turning a crumbling old estate in Savannah, Georgia, into a cozy bed and breakfast seems like a perfect plan. But when she can't find a handyman to help, her sister suggests her husband's college friend, Dylan Scott, who just so happens to be spending the summer on Hutchinson Island, close to Roz. She decides to give the guy a try, in more ways than one… Dylan Scott is a man on a mission—to take a break from his multi-million dollar architectural firm in Atlanta and to get back in touch with what drives him. Deliciously feisty Roz Micheals certainly fits the bill. Her curvy figure and smart mouth meet his specifications—and then some. Never mind that she thinks he's nothing more that some lowly fix-it guy. That just gives him more room to play—and he finds in her a willing playmate.
