

Sweet Sunshine (the Pembroke series)

Shes a romantic at heart. Chloe Delaney had three very specific wishes, growing up. She wished to stay settled in the small mountain town of Pembroke, where she grew up, to one day be her own boss, and to fall in love with a man who would be willing to go to the ends of the earth for her. With her roots firmly planted in Pembrookes soil and her bakery, Sinful Sweets, thriving, two of her wishes have already come true. When a handsome single father moves to town, shes certain shes found the man to fill the role of wish number three. The only problem is, you cant force a frog to turn into a prince. He isnt the Prince Charming type. When Derrick Anderson moved from Jackson Hole to the small town of Pembroke, he did it determined to wipe the slate clean. After eight years spent trapped in a miserable marriage, hes made a vow to never take the plunge again. He wants to be untethered, not tangled up in the strings that come with a committed relationship. He has his daughter, his career, and an ex-wife hell bent on making his life unbearable. His plate is already full. The only problem is, he didnt have a plan in place to protect his heart from her. Neither of them were prepared for the course their lives would take. But once a rollercoaster begins to move, you cant just climb off, now can you? The only thing they can do is strap in, hold on tight, and enjoy the ride.
