

## Unbound Destinies: White Aura #4 (The White Aura Series)

Olivia's eighteenth birthday is drawing closer, and with it, the curse threatening to take her life. Olivia is on a mission to save herself and all those she holds dear in this final installment of the White Aura series. When everyone comes unbound, Scott, Olivia, and those they love must work together to save them all from the council. Can Olivia fulfill the requirements given to her in order to keep her growing powers? Will the curse claim Olivia's life before they have a chance to destroy those that threaten everything they value? Will Aiden lose his soul to The Crimson Calamitous? All of these answers are revealed as Olivia questions everything she's known in the race to defeat two ancient and powerful sorcerers.
