

## Love and Legend

Jules Flannery makes everyone feel better. It's a gift. But this particular gift just may get her killed. The day of the funeral, Jules is assaulted and loses Uncle Charles' urn to the thief. Her Uncle's odd last request offers Jules an unexpected new beginning. Jules, a sweet but accident-prone art teacher, and Bingham, a terse and potentially dangerous Navy SEAL, must unravel, and ultimately fulfill, their part in an ancient prophecy. Villains are out to orchestrate their own nefarious interpretation. The two lovers face Gallic and English thugs, coax a troubled boy out of his gloom, and discover that they have a strange and powerful connection. Their mission: find an Arthurian artifact kings have coveted for 1500 years. The trick is to not get killed in the process. *Love and Legend* breathes contemporary life, dangerous action, cookie baking, and steamy love scenes into the myths surrounding King Arthur's era.
