

## DEEP PURPLE (a saga)

As a child, a young girl with coltish legs and dusky skin, I spent many anxious hours prowling the low desert and the craggy foothills of southeastern Arizona's Huachuca Mountains anxious hours not just because I was trespassing on the forbidden Cristo Rey land grant but also because I was searching among the rocks and cactus-stubbed dunes for the Ghost Lady, hoping and praying I could get a glimpse of her and at the same time scared to death that I really would. Some say she haunted that area of Cristo Rey because she was a tormented wraith looking for the lover denied her in life. And others say she rode the area, its barren deserts and rock-clad mountains and lush, grassy valleys, because her soul was condemned to wander Cristo Rey until the fifty thousand acres and the Stronghold were at last returned to her heirs. Of course, I preferred to believe the latter ... perhaps because at that young age my childish mind could not conceive of a love so great that it would transcend time and space. I had yet to taste of love's binding passion. But in all likelihood I chose to believe that version of the tale because even then I knew, like my Ghost Lady, my soul would know no peace until I possessed what rightfully belonged to me ... Cristo Rey.
