

Imagine yourself going to sleep on just another routine evening, a business as usual day. Awoken suddenly, you find that you are no longer in your room - you are no longer even in your own century - and you are naked; the Who - How - Where - When and Why's of normal existence tossed into turmoil. At first you think it must just be some type of crazy, wild dream. And then you see strange men approaching. Follow young Brinn Noble as she attempts to discover what strange fate has befallen her, who's responsible - and why. After surviving and thriving through ever wilder time travel incidents, will she be able to solve the time shifting riddle she faces and craft her own destiny, on her own terms? And can she turn misfortune to fortune and find her own heart's treasure somewhere, anywhere in time? In Incident 2, Brinn finds herself cast back in time to a familiar beach but during an unfamiliar era, a time that history forgot: the furthest incursion south into North America by the Norsemen. She falls into the arms of their leader and becomes the lone witness to his fate. Echo in the Future is a romantic time travel adventure told across several separate incidents, each representing a unique time travel event. * NOTE * The plot line of this story mandates the dramatization of mature themes and explicit descriptions of romantic activity. Only mature readers should read this book.
