

Better

Aubrey is embarking on a bucket-list trip around the world, the last wish of her Aunt Ally. It was supposed to be the trip Ally would have taken when she got better. Now, its just a chance for Aubrey to say good-bye. Adam escapes in his solo trips overseas, working just enough to fund the next one. When the opportunity to circle the globe falls in his lap, he cant refuse. The only catch is that he wont be traveling alone this time. Unable to hide from each other, Adams overprotective nature thwarts Aubreys desire to find her own way. Can they move past initial assumptions to find something better?
