

## Blood and Bone (Royal Blood) (Volume 6)

Mercy Reid thought she found a place where she could finally belong. Xavier Blood would do anything to protect his one true love. The next big threat is closer at hand than anyone ever considered possible, and the only person standing in the way of death itself is an ex-assassin with the darkest past of them all. Xavier Blood. One choice is all it takes to destroy everything they were trying to build. A life where they didn't have to look over their shoulders. A life where they could be free, happy and in love. In an instant, everything is gone in a shower of blood and bone. When the dust settles, Mercy and X are thrown into a world of lies, duplicity and danger. A world where nothing is what it seems and where no one shows their true face. It's a game that only has one winner: death itself. How far would a spy go to avenge the murder of their one true love? You're about to find out.
