Security by Shelby Morgen: Commander Kala Decolteir always gets her man, and she wants the space pirate they call Dancer -- no matter who -- or what -- he is. This time, Dancer has no escape. Trash & Treasure by Mikala Ash: Award-winning reporter for the Adana Observer Holly Barberossa finds herself once again in her natural environment, hot water. Bite by Marteeka Karland: The last thing Dryson expects when he takes his latest shipment of smuggled goods to Spaceport Adana is to end up with a Rajian sex slave, Sasha. Sasha is a force to be reckoned with, and her bite is definitely worse than her bark. Scavenger by B.J. Publishers Note: The stories in this anthology have been previously released as single titles. Praise for Security [A] fast paced, well written short story in the new multi author Spaceport series, Security more than delivers. Shelby Morgen has a sly sense of humor that is very subtle and catches the reader unaware... I can only hope that the other offerings in the Spaceport series are as good. 4 Angels! -- Hayley, Fallen Angels Reviews Everything about this sizzling sci-fi tale, from the world's language to the frank sexual scenes, hits just the right note. The characterization and dialogue were strong. The plot was simple but effective... the sex is wild too, so be prepared. -- Cameron Foster, The Romance Studio ...an excellent first introduction to the Spaceport stories... I would definitely recommend this short story and this author. -- Viscaria, Whipped Cream Praise for Trash & Treasure I loved the futuristic and paranormal backdrop to this tale, which added to the fascination of the plot. I look forward to reading the other stories from a variety of different authors of the Spaceport series. 4 Stars! -- Tallyn Porter,

JERR The addition of a good mystery and intrigue to the plot make Spaceport: Trash & Treasure a fine addition to the Spaceport series. 4 Angels! -- Hayley, Fallen Angels Reviews Praise for Bite Spaceport: Bite was a deliciously wicked tale...
