

Hear Me When the Sun Goes Down: Forged Bloodlines #6

From Bestselling Paranormal Romance Author Lisa Olsen - Book 6 of the Forged Bloodlines Series

Id made my bed, now I had to lie in it and hope Jakob didnt climb in beside me. Anja is saved from torture and death only to find a new kind of imprisonment at Jakobs side. Thanks to his stifling restrictions, Anja feels more like shes under house arrest than ever, unable to so much as share an honest conversation with Rob, let alone act on what her heart wants. Desperate to assert her control and avoid Jakobs oppressive influence, Anja returns to the West as war erupts, forcing the Order underground and under her protection. Determined to win her love back, Bishop leaves everything behind to be by her side, making it difficult for Anja to choose who to let into her heart. But theres a reason for Jakobs obsession with Anjas safety, an old enemy that frightens even the powerful Ellri himself. Its never been a more dangerous time for those Anja loves.

Editorial Review

The sixth book in the Forged Bloodlines series, Hear Me When the Sun Goes Down finds us smack dab in the middle of political upheaval as Jakob steps forward to claim Anja. But what exactly is he claiming? Jakob may have saved the day but he is definitely not the hero of this piece, creating far more problems for Anja as he takes his rightful place in vampire society. With her domineering Sire in the picture, it forces Anja to keep her feelings for Rob buried deep inside even as Bishop decides to man up and fight for the woman he loves. As if that wasnt enough to deal with, things are falling apart in the West as violence forces the Order to seek Anjas Sanctuary.

Some favorite moments for me -We get to meet more of Robs family, always a fun interaction there. It was great to see Bishop finally do some growing up and own up to his mistakes with Anja. I loved seeing the way the men in her life approached her birthday gifts from different angles. I was

glad to see Jakobs crazily possessive behavior explained, and a little scared at the prospect of them going up against something scary enough to give Jakob the sweats. Loved seeing Anja resort to making a pros and cons list between Bishop and Rob, especially Bishops column who Id sigh over any day. But Im a sucker for star crossed lovers and Im really hoping she can find a way to ditch Jakob and be with Rob once and for all. Speaking of which - dream sharing with Rob - enough said. The ending had me paging through faster and faster, hoping against hope it wouldnt end badly and Im thankful Ms. Olsen didnt leave us with too many questions as to who survived.
