

The Promise Of Tomorrow (California Series Book 5)

Can Christmas wishes lead to Valentine kisses? War is hell, especially for those left behind to deal with the loss of loved ones. When an IED explosion devastates the lives of Army field medic Roberto Cam Camareno and Nicole Murphy, both believe their promise of tomorrow has been shattered. Army field medic Cam helplessly watches his fatally wounded friend die in his arms, wishing he could take his place. Cam is the one who should die, not his friend who has a fiancée waiting back home. Instead of getting his wish, Cam promises to take care of Nicole. How on earth can he do that when survivor guilt paralyzes him? After losing the love of her life and having her future blown away with his death, Nicole fears her broken heart will never heal. Even now, a year later, she still grieves. Then she meets Cam and her life changes for the better. Love has the ability to heal, but only if the heart is open to accepting love. As these two struggle to come to grips with the past, can they find the promise of tomorrow?
