

Call Me Killer: A Bad Boy Romance

She doesn't know they call me Killer. Used to be I could get any woman I wanted... I had the Harley, the tats, the ripped bod, the badass attitude. No ties, no commitments, no limits, no worries. Until a girl I was seeing vanished. And the whole damn town decided I murdered her. I became the perp, the creep, the monster, the killer. Then into my snarled-up wreck of a life comes Rory. She's sassy, inquisitive, super-smart and smokin' hot. Silly girl believes I'm innocent. She's even trying to prove it. But she's got no freaking clue what she's messing with. She's not my type. She's way out of my league. So why does my heart clutch every time I nail her? Why do I keep her trapped in my home, bound to my bed? I can't quit her. Now that she's mine, ain't no way in hell I'm letting her go. Call Me Killer is a full-length, standalone romance with hot sex, strong language, and an HEA.
