

## Something Different (M/M Romance)

An Unhappily Married Man Michael Maguire's love life has always lacked ... something. His wife is cold, his children are distant, and he's desperate for one night of self-indulgence. One night of real pleasure. So he heads to notorious Brixton Park seeking a prostitute, so cut off from his own needs, he isn't even sure of his type. A Rent Boy James Campbell is one trick away from life on the street. Trapped in the world's oldest profession, he long ago gave up hope of breaking free. When he sees Michael on a park bench, he doesn't take no for an answer. James is certain he can provide all the distraction a miserable, repressed man needs. *Something Different* That first night leads to an affair so deep, so honest and challenging, neither Michael nor James can predict its end. Each tryst brings them a little closer, sampling every kind of pleasure until nothing is off the table. Not even love.
