

## Frostbite (Touch of Frost) (Volume 1)

Amanda gives a whole new meaning to cool. Amanda Smith is sick of getting chased from town-to-town. So when she lands in tiny Trifle, Arizona, she hopes it's her last move for a long time. Despite hating the smallness of the town, she settles in and finds a best friend, and even a boyfriend. Normality at its finest. But for a girl who can shoot snow from her hands and lift a two-ton truck over her head like a bag of feathers, normal is not an option. The scientists who murdered her mother come barreling into Amanda's quiet life. She must decide if she'll run again or stay and fight. The price of either choice might be her life or the lives of those she's come to love.
