Jessamine Connors I lead a simple life on the Olympic Peninsula running Moonchild Owl Haven, a bird sanctuary for sick and injured owls. When Im not doing that? I work a regular shift at the animal hospital fulfilling my day job. Life is pretty great, what with my best friend Charlie coming around daily to help with my fly babies, but its also lonely. I mean, Charlie is old enough to be my grandad and the only other man in my life? A not even legal teen thats like a younger brother. Meeting people out here in the sticks is tough. Tougher still for a girl like me who cant string two words together without stuttering so bad she cant be understood. For the most part Im okay with that, but sometimes I wish I could do away with my whiteboard and just tell people how it is, what Im feeling After all, a man wants someone he can talk with, not just someone he can talk at. At least thats what Ive been told... Hunter Grayson I am older than time A god amongst men No really, thats not just me being arrogant. I really am the descendant of two gods. Half cursed by my fathers uncle because of my mothers betrayal, I can change from human to owl at will. Its a lonely existence for the most part, I can only stay someplace until my lack of aging becomes a problem. So I wander, never staying anyplace longer than a few months and spending almost as much time in the freedom of my owls form than in my human one. So who would have thought, that after centuries upon centuries of living I would find myself a broken and bleeding pile of feathers in the middle of a modern highway? Who also would have thought that this would be the end of my self imposed solitude when she came, plucking me off the asphalt, carefully putting me back together. She saved my life, and after weeks of being under her care Watching her move silent and alluring between myself and the rest of her charges... Well, I just had to know

everything about her. *Mature Audiences Only* *Recommended 18+* *Violence & Sexual Content*
