

The Madness of Prince Hamlet and Other Delusions

This is an account of some of the most bizarre areas of human psychology, ranging from extraordinary states of mind such as love, faith and anger to full-blown psychosis. It examines disorders such as schizophrenia or Tourettes syndrome and bizarre mental states that lead to dancing mania, demonic possession, hypochondria or self-mutilation. The author discusses the unusual mental make-ups of criminals, saints, paedophiles and mediums and the extraordinary mental states most of us experience - self delusion as a defense mechanism.
