

My name is Breena Glynn. Im an 800 year old virgin. Stop laughing! Its not THAT funny! I am a magical Immortal-healer who fights demons, magically knows things, and chronicles the history of my clan, the Spell Weavers. Oh yeah, and I am on the hunt for my true mate. Stop laughing Jeez. Hes out there. Hes a sexy as sin vampire who I have seen in my visions for centuries. But he has a dark side... dark needs... dark tastes.... Did I mention the curse on my sister or my shifter bestie who has been trying to get into my panties since before panties were invented? Sometimes, the person recording the story has a story of her own. This book is part of the Airendell Chronicles and should be read after Lost Wanderer Awakened. This book contains graphic language and depicts graphic sexual encounters and is intended for readers over 18.
