

This boy next door might be new around here, but he knows just how to take care of her. Janna Thompson believes she's going downright mental. In the past few weeks, she's seeing things no one else can see and can't shake an ominous presence. Yet, when a hot cop with a protective instinct moves into her apartment building, things might be looking up. Cade Lanter is no ordinary being. The son of a human policeman and a Queen of the Fae, he lives in the human world for now. When an enemy of old threatens the balance of both the human world and Eiru, Land of the Fae, he must fight the would-be usurper in the human realm. Of course, that might require more focus than he can muster lately since a certain, sexy neighbor keeps him distracted. Their two, unlikely worlds collide when he becomes The Fae Next Door.
