

## Damaged Goods

Tanya Banks had it all on the outside. She was smart, beautiful, sexy, powerful and successful. When she walked into any room, she owned it. She was the CEO and Founder of a thriving foundation, lived in a beautiful home, drove the most expensive cars. But there was one thing missing: LOVE. And there was one thing stopping her from being in love - her dark past. A past only a few people within her circle knew about. A past too painful to speak of. So Tanya jumps from relationship to relationship, avoiding that one thing she wants so badly but thinks she's too damaged to ever attain. And then she meets Mike Parker, the game changer. Mike is the only man who can make Tanya give up her single, wild and free card. Will she let go of her troubled past and find the love she's always wanted? Or will she allow it to consume her and kill her only chance with love?
