

Moon Rising (Harlequin Nocturne)

Can a loner vampire and outcast wolf find love in Lori Devoti's *Moon Rising*? The discovery of lost treasure imperils the fragile peace between the vampire and werewolf populations. Especially when werewolf Cece Parks and vampire Marc Delacroix arrive at the remote site with the same agenda to claim the loot. But when suspicious deaths begin occurring, the enemies must band together to solve the mystery. The truth proves far more complicated than either can imagine. Especially when Marc finds himself inexplicably drawn to Cece. For once in his long life he wants nothing more than to be with and protect the werewolf. Now loyalty to his race and his forbidden desire are about to collide.
