

Emerald D.A.R.E. (D.A.R.E. Project Book 3)

Raised for one purpose, Emerald is pulled between two facts. One, she doesn't want to live in a lab forever, and two, her sisters are disappearing into the dimensions they have worked in. When she meets two males of her kind, she has to make a choice and doesn't even hesitate. She picks the one who doesn't make her skin crawl. Aegon is a silver dragon with the patience and creative intelligence of his kind. He is delighted that his random sweep yielded one of the dragonettes that he has heard so much about and he will do whatever she needs him to do to keep her happy and with him at all times. He has to release her to win her, a conflict he has to wrestle with while she returns to the lab. A life together glows before him, but when will she call him so they can begin it?
