

Loving the Cult (Forced Home Series Book 1)

Tess has very little. No family, no friends, no one she can count on. She leads a quiet, carefree, but lonely life. Then she's abducted. Taken to a secluded ranch owned by a family with extreme views and even more extreme practices, she's thrown into a life of enslavement. Always one to be strong, Tess keeps her head held high, even when she should be cowering in fear. As she struggles to find a way home, she's confronted with more danger than she'd thought possible. But through it all, she also finds an ally. Jameson doesn't know what he wants. He knows that his family, his role, and his reputation are all on the line if he doesn't fulfill his obligations. Unlike the rest of his family, he's not sure if he wants the job. He doesn't think he's ready for what they have planned. Until he meets her... Forced to spend countless days together testing each other's patience, Tess and Jameson come to the realization that affection almost always trumps duty, first impressions can be deceiving, and home isn't always where your heart is.
