An Omegas Heart by Amber Kell Book two in the The Under Wolves series When everything is lost, the only thing left to fight for is love. Conley Elnon has been abused most of his life. He agrees to help the War Council in uncovering a vampire mole in exchange for having the opportunity to find his family. When he meets his mate Jacob, he leaves him in order to track a mad bomber intent on taking out shifter camps. Jacob refuses to let his mate escape. Hes waited too long to find his fated mate to let him leave before hes had a chance to say little more than hello. When he finds his mate in the middle of vampire territory, Jacob has to use all his skills to help his mate figure out the truth between vampires and shifters and how they are responsible for what happened to Conleys family. The Under Wolves series War is brewing with the vampires and the werewolves need to eradicate them all or be destroyed. The undead despise werekin and have no problem sucking them dry and tossing aside their corpses. Finding their mates make the werekin stronger but what happens when their mates arent Alphas? Under Wolves. What happens when the Alphas are not necessarily the ones in charge? Gammas and Omegas might be submissive in life but when love comes along, they will do whatever necessary to protect the ones theyve claimed for themselves. About Amber Kell Amber Kell has made a career out of daydreaming. It has been a lifelong habit she practices diligently as shown by her complete lack of focus on anything not related to her fantasy world building. When she told her husband what she wanted to do with her life he told her to go have fun. During those seconds she isnt writing she remembers she has children who humor her with games of what if and let her drag them to foreign lands to gather inspiration. Her youngest confided in her

that he wants to write because he longs for a website and an author name two things apparently necessary to be a proper writer. Despite her husband's insistence she doesn't drink enough to be a true literary genius she continues to spin stories of people falling happily in love and staying that way. She is thwarted during the day by a traffic jam of cats on the stairway and a puppy who insists on walks, but she bravely perseveres.
