

Eye Of The Tempest: Book 4 in the Jane True series

There's something lurking in the depths... Supernatural halfling Jane True was hoping for a nice welcome home to small-town Rockabill - but instead an ambush awaits her and her new love interest. Coming under attack awakens a terrible new power within Jane, and she almost destroys herself when she unleashes it. When Jane wakes, weeks later, she discovers that she's not the only thing stirring. Something underneath Rockabill is coming to life: something ancient and powerful, something that just might destroy the world. Whatever is rising from the waters must be stopped - and Jane has a feeling she's just the halfling for the job.
