

## Fever-Hot Dreams: Elloras Cave

**Jaci Burton Dream On** When her husband Jack disappeared five years ago, Katie McKay was devastated -- left only to dream about the passionately erotic nights they spent together. So when Jack reappears one night without any explanation, looking as irresistible as ever, Katie tries to resist the undeniable spark that still burns between them. But after five long years alone, she can't help but give herself to the man of her wildest dreams.

**Sherri L. King Icarus** To escape the craziness of New York, poet Morrigan Mederos moves to Scotland to find peace and quiet and an end to her recurring nightmares. Instead, her dreams become more intense -- she meets a darkly handsome vampire who drinks her blood and arouses every inch of her body with fiery kisses. But soon her dreams become all too real -- and her brooding vamp wants to take her back to his homeland to be his lover for all eternity.

**Samantha Winston Darlas Valentine** As a favor to her best friend Wendy -- aka showgirl Queenie Lovaday -- quiet, good-natured Darla agrees to fill in as a cake-popping temptress at a birthday party. And when she meets Jordan Severn, the smolderingly handsome guest of honor, she finds herself lusting for his perfectly chiseled body. But Jordan is engaged, so he should be off limits. Luckily he seems to desire Darla just as strongly.... Step inside Elloras Cave, where passions run wild and the sexiest fantasies come true....
