

Wolf at the Door (Snowdonia Wolves Book 1)

Love can heal all wounds Pop star Lillian Hart is determined never to trust another man. She has no idea that the wolf at her door is anything other than a wounded dog, much less the Alpha of the Snowdonia Wolf pack. There's something about the wild creature that pulls at her. Then a man with her wolf's eyes starts to invade her dreams, and reality and fantasy merge in a way that has her hoping, against all odds, for dreams to come true. Lillian may have sworn off men, but Jake's not just any man, he's a shifter, and he's about to shift Lillian's world to make room for him. He vows to claim her as his Mate, and when Jake makes a vow, he keeps it. But Lillian wants to take it slow and Jake is not about to waste any time. In this battle of wills, both discover giving in and trusting their hearts can heal even the deepest of hurts.
