Leila was following her dream and joining his band as a back-up singer. An insane attraction sparked between them that they couldn't deny. Attraction quickly led to so much more. They ignored all the warnings and fell in love. When the couple embark on their tour, they couldn't be more excited to travel the country hand in hand on the way to stardom. The road ahead is filled with miles and miles of possibilities. Along with their band, Devil's Lair, they feel nothing could stop them. An angry ex-band-mate, a pregnant ex-girlfriend, and never-ending Internet gossip all attempt to wreak havoc on their developing relationship. New love does not mix well with stress, pressure and guilt. Together they face each and every challenge, stubbornly fighting for what they have. Will their determination be enough?
