

Losing Leah

When his brother and her father die in the same accident, Nikos and Leah agree to a three-year marriage to provide stability for his niece until she leaves for college. As the end of the marriage draws near, Leah prepares to move on, but Nikos decides losing Leah is unacceptable and he'll do whatever it takes to keep her. Their vacation to the Greek islands is his last chance to convince her. Having been in love with him since she was a teenager, Leah wants to believe Nikos is sincere, but it seems impossible he's really changed his mind--especially when his ex-fiancee is so eager to take Leah's place.
