

Game Maker

****Special Pre-order Price Only**** From the USA Today bestselling author of the Bliss series comes a new spin off series of interconnected standalones featuring your favorite Bliss series characters who are yet to meet their match. This time its Zach and Danikas turn. Im a gamer by nature and by profession. Im all about strategy, performance, and coming out on top. Five months ago I threw caution to the wind, and in the first miscalculated step of my twenty-one-year life, I made a move on my brothers best friend. The first mistake we made was keeping our relationship secret. The next was going off half-cocked when a train wreck of epic proportions hit us. Now our secret is secret no more. As I struggle to deal with all of the swirling emotions, conflicted feelings, and the multitude of burned bridges that I need to mend, the one person who can help me through it all is the same man I need space from. To fix it Ill have to pull on my big-girl panties, focus on what I truly want in life, and put everything I have into winning the most important game Ill ever play. Life is a game, and it is what you make it. Coming out unscathed is a whole other matter.
