Neither can do it without the other. Approximate length: 118,000 words

WARNING: My books are the raw, unfiltered vision of a slightly schizophrenic, sex-obsessed, vodka-swilling living contradiction with profanity issues. They are often unrealistic (translation: FUN) depictions of what life would be like if erotic romance fantasies came true, so sometimes... gasp!... things happen that arent realistic. (You know, kind of like how dull boring everyday life is realistic. Seriously, do you want to read about that?) If you are offended by the excessive use of dirty words, crass descriptions, or crude stream-of-consciousness writing laced with

potty-mouthed expressions and graphic descriptions of non-traditional carnal delight, then you need to RUN from my writing right now! Dont say you werent warned. (Oh, and youd better be over 18! Dont even think about buying my books if you arent.) This is a complete series. There is no cliffhanger ending. There is also a heavy emphasis on pansexuality, including a strong transgender character and scenes with multiple partners and genders. Do not read if this offends you. Themes: New adult romance, kink, rock star, alpha male, tattoos, body piercings, body paint, controlling parent, sex positive, sexual freedom.
