

Who Shook the Family Tree: A Family Secrets Novel

Fola Jennings, an aspiring writer, is desperate to get out of her mother's house. She answers Kenan's ad for a nanny and disguises herself in order to meet his stipulations for a mature, middle-aged woman. Kenan is a man any woman would want. He's been hurt and betrayed, but still reads the Bible everyday and still believes in a woman's love. When Fola enters his life destitute, he does what strong men do, he protects her and helps her. This is a humorous, but soulful story about hardship, love, and family secrets. It also tells a truth about how some women can love so fiercely that even from their graves they can make a difference in the lives of those they love.
