

Marissa Spencer's world has been turned upside down since waking up one morning with magical powers. She has no idea where they came from and controlling them has not been easy. To make matters worse, these new abilities seem to have brought with them a mysterious evil force that torments her dreams and tracks her down dark alleys. With the help of her sexy PI boss, Jack Slade—whom Marissa has always had a crush on—she will have to fight a battle for power that began before she was born. Along the way, she'll discover a family she didn't know she had, an inheritance she may not want, a strength she never knew was within her, and a love she'd only dreamed of.
