

Heartfelt

The story that began on a North Carolina beach with a blind marine, a divorced mother, and a child with Down syndrome continues as the young family struggles to adapt to a new addition. Now eight months pregnant, Trish worries about her baby, her daughter, and her husband. But maybe she should be more concerned with herself. Dan struggles to prove himself at work in the face of what others consider his disability. As he wrestles with his job, he is also concerned with life at home and the impending birth of his son. How will he connect with a son when he'll never even be able to play a game of catch with him?
