

Honor (Blackstone Series Book 1)

BROKEN TRILOGY CONTINUES HERE... Bullets fly during a dangerous mission, and Major Mark Lopez is critically injured. A Blackstone soldier, Mark is transferred to the North Dakota hospital with the security clearance to treat members of the elite covert team. The pretty new nurse assigned to his case knows her stuff, but Mark soon discovers she knows more than just how to save lives. Mia Harper knows the Blackstone Code. Mia is a bit of gypsy and doesn't engage much with people but there's something about her mysterious new patient. After Mark recovers from surgery, he is discharged from the hospital with orders to rest. Not that he does. Instead he rushes to Mexico for the team's next assignment. But when he returns to the hospital again and again with minor and not so minor injuries, Mia suspects he's only coming to see her. Romance ignites, and because Mia signed a non-disclosure agreement at the hospital, Mark is able to open up more with Mia than any other woman. Some debts demand payment in either cash or blood. When someone from Mark's past comes to him for help, old secrets start to resurface, and more blood is shed. Worlds collide and lies are exposed in an all-or-nothing underground poker game. Mark must put his life on the line to keep Mia safe and to finally learn the answer to the question that's haunted him his whole life. What really happened that night twenty-five years ago?
