

Divulged Secrets: (Eye of the Coven Series Book #2)

It wasn't their fault that they fell in love. How could she go on without his warming touch? How could he ever forget such a mysterious and dangerous beauty? Devan and Cherry's relationship was forged in secrecy, with Cherry having to conceal her identity as a witch to protect him and herself. It was just another way being a witch has ruined her attempts at living a normal life, and love is a tough subject to tackle--even for the strongest witch in the world. To make matters more complicated, Cherry isn't the only one with a secret. Things were rocky for the star-crossed lovers before, but Devan's secret changes everything when Cherry and the coven find out about it. The coven doesn't take kindly to outsiders or those who oppose their ways, and Devan is of a kind that poses much more than a mere mortal threat. The two become locked in the tough choices that face them, and it seems that the only solution is to part ways. Will Devan and Cherry be able to save their love, or will they be forced to submit to the coven's demands before things get too out of control?
