

# The 10 Day Life And Wealth Turnaround (Rich Simplicity)

How profound of a difference can you make in your life and your wealth in just 12 minutes a day for 10 days? Back when that question first came to me, I had no idea what the answer would turn out to be. So I set out to find out. I created an entire course around that simple idea: one life-changing insight a day, delivered in a bite-sized chunk so you can totally get it and implement it in 12 minutes or less. I gave away over \$350,000 in course tuition, and more than 1,200 people from 17 different countries around the world took it, including many successful CEOs. The results amazed even me. And I had the answer to my question: You can make a HUGE difference in your life and your wealth in just 12 minutes a day for 10 days IF you focus on the proper insights and strategies during that time. Those 10 life-changing insights and strategies became the ORIGINAL 10-Day Turnaround. Until now, the only way to get access to The 10-Day Turnaround was to take the entire course itself. Now, for the first time ever in print, you can go through the entire 10-Day Turnaround course quickly and easily. In this short, but powerful, book, you will discover each of the insights and strategies for creating your own 10-Day Life And Wealth Turnaround. The format is the same as the course: One short, high-impact strategy or insight each day for 10 days. Or you can read all 10 in about an hour or two at a single setting if you choose. I've included everything you need to fully understand- and implement that strategy. And left out everything else. No fluff, no filler, no endless stories to illustrate a single point in short, nothing to waste your time. And everything to maximize your time. Here's just a few examples of the 10-Day Turnaround insights you will experience as you zip through the book: The Beauty Of Messes and The Principle Of The Blank Page The Ty Cobb Turnaround- and why the way
