

## Aran: Love me Harder - Alien Paranormal Romance

The old wars have ended and the scientists no longer need the genetically engineered men they designed to fight for them. In the aftermath of the final battle, Arans choices are clear. Stay on his planet and be decommissioned for good or leave in search of a new home and the one thing he was told he could never have a mate. When Rena meets Aran at a party, she doesn't know what to make of the imposing stranger or his desire to know her better. Targeted by a terrorist cell because of a job she no longer has, Rena must rely on Arans strength and cunning if she plans to live long enough to collect unemployment. Every moment spent with Rena awakens feelings Aran has never experienced. She's the one, his mate. Now all he has to do is convince her. With his past closer than he ever imagined, and the bright future he dreamed of within his grasp, Aran is willing to fight to the death for a chance to truly live.
