

## Scary Modsters... and Creepy Freaks

A fantastical romance involving a woman, the music that fuels her, and her Ouija board. Rosalyn possesses a sunny personality that is laced with quirks. Although she seeks acceptance in a world where she lives out of time, what she gets is ridiculed for her eclectic wardrobe and unconventional music collection. One fateful night, Rosalyn bewitches Niles, a stylish man whose offbeat character perfectly complements her own. Unfortunately, he possesses a critical flaw that means relationship suicide for him and pretty much anyone. While under the influence of insomnia-impaired judgment, Rosalyn summons Rock n Roll deity Peter Lane back from the dead. Not only does he spin her hormones into a frenzy, Peter is also the precarious puzzle piece that brings sense into her world. When Niles learns that he can overcome his life-long challenge by helping Peter avenge his death, how far will he go to secure Rosalyn's heart?
