

Hard-edged DEA agent Shayne Kelley grew up fast, shuffled from one foster family to the next. But it made him tough. And damned good at working undercover. But when an idealistic schoolteacher reunites him with the father who abandoned him as a child, his well-ordered world is shaken. He can't seem to resist the naive teacher and her reckless optimism. Can her sweet love crumble the wall of bitterness around his heart? Raised by loving parents, middle school teacher Dani Cochran wants to make a difference in the world. She works with troubled teens during summer break, believing that everyone deserves a second chance. Especially Shayne Kelley. She sees through Shayne's defenses and enlists his aid with her juvenile delinquents. Will he teach them his cynical view of life? Or will Dani convince her students--and Shayne--that love is the strongest force on earth? But can she risk loving a man who seems destined to break her heart?
