

Only one house has separated McKenzie Baker and twins, Luke and Olivia Harris, since birth. After seventeen years of wearing a path across the neighbor's yard, Luke and McKenzie realize their friendship evolved and deepened even before they had fully learned what romantic feelings meant. Both have flashbacks often, revisiting the tender, emotional moments that strengthened their bond since the age of five. However, Luke's twin, Olivia, doesn't share in their happiness, worrying the new relationship will change the ones she has with her best friend and brother. This disapproval quickly tests Luke and McKenzie's intense love for one another. Luke's life has been mapped out for him since birth, with a sports scholarship hanging in the balance. He and McKenzie think their future together is finally on track, when they are struck with a much more serious dilemma. During difficult times and a devastating accident, a bond between a brother and sister shines through, and Luke and McKenzie's profound connection is undeniable. This story takes you on a journey of heartache and joy, leaving the belief that extraordinary love exists, and some hearts are destined to attach.
