

Out For You: Menage Shifter Romance

All Bite, No Growl Forget the foreplay. For the truly committed, its all bite. Willow has loved Devon and Case for as long as she can remember, but as lion shifters they will eventually find their mates. When she allows herself to be with her two lions after a drunken party, she fears shes ruined a lifelong friendship and flees before morning. Devon and Case have been inseparable since they could walk, but they cant tell anyone that they are mates. The pride of shifters they belong to wont accept a same-sex mating. Theres no way theyll accept their love for Willow? When a shocking revelation brings Willows world crashing down, she has no choice but to tell Devon and Case how she feels. Will they be able to accept what fate has thrown at them? Do they want to?

Stretching the Rules When the rules force you to deny whom you love, its time to break them. Jonah is sick and tired of hiding his lovers, Olivia and Hank, from his wolf pack. But being second in command to the Alpha means he has to follow them, right? His pack would reject him if they knew his lovers were a jaguar and a coyote...a man and a woman. When danger threatens Liv and Hank, Jonah comes out to his Alpha. Hes willing to do whatever it takes to bring his two families together, and keep everyone safe.
