

Mental Chemistry

For every problem, there is a solution. For every person, there is a meaning. For every success, there is a formula. We live in a fathomless sea of plastic mind substance. This substance is ever alive and active. It is sensitive to the highest degree. It takes form according to the mental demand. Thought forms the mold or matrix from which the substance expresses. Our ideal is the mold from which our future will emerge. Charles F. Haanel penned those words and in *Mental Chemistry* you will discover exactly how you and your thoughts and perceptions shape the world around you and how you can use your mental faculties to control what happens in your life. Some of the secrets you will learn are... ? How to suggest sickness and pain from your life. ? A sure-fire plan to quit smoking forever. ? How you can influence luck, fate, chance, and destiny. ?
