

Mind Over Monsters (A F.R.E.A.K.S. Squad Investigation Book 1)

Beatrice Alexander is no ordinary schoolteacher she can move objects with her mind, an embarrassing skill she hasn't yet mastered or embraced. After nearly killing her brother by accident, she joins the F.R.E.A.K.S. Squad, the Federal Response to Extra-Sensory and Kindred Supernaturals. This top-secret branch of the FBI combats ghosts, ghouls, and other monsters threatening humanity. With her teammates among them a handsome former-detective werewolf and an annoying Don Juan vampire who's dead-set on seducing her Beatrice investigates her first case. Disgustingly dismembered bodies have turned up, bearing bite marks of the undead. Someone or something is raising a horde of hideous, bloodthirsty zombies. Armed with Bette, her trusty machete, Beatrice takes on the master of the flesh-devouring corpses, who's guarding a horrifying secret ... Featuring a team of monster hunters with unique paranormal abilities, the F.R.E.A.K.S. Squad Investigation series combines humor, suspense, and supernatural crime-fighting. Praise: Jennifer Harlow's debut novel had me laughing and gasping from start to finish! VICTORIA LAURIE, New York Times bestselling author of the Ghost Hunter Mystery series and the Psychic Eye Mystery series Wonderful! A gritty, dramatic police-procedural with a compelling heroine and a fascinating group of sidekicks. Looking forward to the sequel! KAREN CHANCE, New York Times and USA Today bestselling author of the Cassandra Palmer series The most engaging detectives to face the walking dead since Scully and Mulder. Part urban fantasy, part police procedural, and entirely marvelous, monstrous fun. LIBRARY JOURNAL If Donald Westlake had ever gotten around to writing a paranormal mystery, it would have sounded like this. Harlow's genre debut is funny, creepy and refreshingly brash.
