

## My Naughty Little Secret

From the moment she saw him on her first day at her new job in London, there was something about Michael which annoyed Siobhan Brennan and something else that pulled her to this stunningly handsome man and his boldly arrogant personality. In spite of her misgivings she soon finds herself out on a date with him, and she is torn between a desire to defy him as often as possible and a deeper, more disturbing need to submit to him. It certainly doesn't help that very embarrassing thoughts keep popping into her head uninvited: images of herself bent over, bare bottom on display, waiting for Michael to chastise her firmly. It is not long before Siobhan, in a rash moment, actually dares Michael to spank her, only to find that he is more than up to the challenge of turning her naked backside bright red. To her horror, her sore behind only fuels the fire growing within her, and she is soon on her knees before him, blushing with shame yet needing him to take her and take her hard. It is only afterwards that the couple must come to terms with what took place, and what it means for their relationship. Was this just a one-time event, something to be tried but never repeated, or will Siobhan find herself punished like a naughty girl again in the future? As scandalized as it makes her feel, in her heart she knows what she needs, but is Michael prepared to give it to her? And when she finds out that Michael has kept something important from her about his past and who he really is, will she be able to forgive him or will the revelation tear them apart forever? Publishers Note: My Naughty Little Secret is an erotic novel that includes spankings, anal play, graphic sexual scenes, elements of BDSM, and more.
