Thanks Something I Never had is part of the F**K Sex Anthology by Candace Mumford, Jason M. Lee and Deidra DS Green. Tanya Wright, a young woman who at 26 has been through, what seems to her, a lifetime of bad relationship choices. After ending a three year relationship, Tanya takes a much-needed break to find herself and contemplate what exactly it is she wants in a relationship. The best way she can sum it up is she wants something she's never had before. Now Tanya is left with the task of explaining to a budding new love, Damien Brown, how he can give her exactly that. Great sex isn't on the list. She's had plenty of that before and still ended up in a bad relationship. Tanya wants something she's never had - a man's complete heart.
