<u>Intimidator (Preyfinders) (Volume 2)</u>

Willow has her hands full scraping out a life in a grungy neighborhood where drugs and crime are the norm. Life is hard, but its about to get harder. Being transformed into a sexual pet for an alien warrior may be her only way out. But Stom, the man shes been awarded to as a battle honor, has no use for a female, not when his heart is still in a million pieces. Though the need to be Stoms mate is overwhelming her, mending his heart isnt going to be enough. His enemies are searching, looking for the women who are more than they seem, and shes in their hands before she discovers shes more-than-human. Sometimes it sucks to be a chosen one.
