

The Wolf Hunts His Mate(BBW, Alpha Werewolf Billionaire Romance)

Lisa's crazy about Chad but she's not sure they're meant to be. He's a rockstar and beyond that, he's a werewolf - sexy but so utterly primal. Completely unlike the curvy and nerdy brunette he's fallen for. Chad thinks he can wake her animal side. He takes her out to the middle of the forest and offers a simple deal. Make it to the outpost 7 miles out, and he'll give her a million dollars. She can even get a massive head start. If he catches her though, he's going to mate her right in the middle of nature. Lisa takes off at a sprint, but as her body heats up she realizes it's not just the workout that's got her going. And she's not entirely sure that being mated isn't exactly what she wants. This 7000+ word story features a smart and curvy woman giving in to her primal self as she is stalked and mated by the sexy werewolf of her dreams. Mature audiences only! Excerpt: You get there without me catching you, Chad said. I will give you the type of power you seek. One million American to do with as you wish. True freedom. My mind swam in zeros so fast, it shocked me. I mean, I had never been a dainty lass, but I guess I was more mercenary than madame. My working brain returned though with a big objection. There's no way I can escape you. I mean, come on, I huffed and ran a hand over my ample body. You'll get an hour head start, he said. You may be within sight of your goal before I even start. I did the math. I could probably do 5 or 6 miles. Would he be able to run 7 miles in 10 minutes? Nothing could. What happens if you catch me? I asked. If I told you that, he said, lips curling up. You might not run. It seemed like a threat, but, not of violence. His eyes drifted lower across my body and I felt a sudden heat. I couldn't believe I hadn't trusted him. He had made it clear that he saw only one use for my body.
