

HIGHLANDER ROMANCE: The Highlanders Proposition: A Contemporary Scottish New Adult Billionaire Romance (The Lairds Legacy Book 4)

Stand-alone Contemporary New Adult Scottish Billionaire Romance Abandoning the fame and fortune of the investment world to follow his heart, billionaire businessman Allister McCullagh returns to his family's historic Highland farm in hopes of saving it. But an ancient law buried in fine print stipulates that he has to find a wife - immediately - in order to keep it. Becca is a focused Ph.D candidate who will stop at nothing until those letters are stamped firmly behind her name. Leaving NYC for a tiny village in the Scottish Highlands wasn't exactly on her life's To Do List but the savvy New York native will make it work if that's what it takes to complete her program. Allister is a romantic at heart, and would never marry for anything less than true love. Will he compromise his beliefs about marriage to save his beloved farm, or will the price of holding true to his values cost him the thing he loves most? There's never been any room in Becca's master plan for romance but when she feels the beauty of the Highlands and Allister's endearing love for the farm begin to grow on her, she starts to wonder if, once she gains those letters, will that be enough? Becca finds herself in unfamiliar territory as she tries to find a way to balance what she feels for Allister with the pursuit of her goals. Will she find a way to fit them both into her life?
