

Scruples (Volume 1)

Trouble seems to find Carly Bryson wherever she goes. Her dream of moving to California to start a modeling career suddenly becomes a reality, but at what cost? Forces are working against her, sending her on a race against the clock to save everything shes ever loved, including Logan Sanders. In this dramatized, romantic comedy, Logan Sanders is strung up by his proverbial heels in his attempt to track down the woman of his dreams. Hes strong, yet gentle, and forced to test his boundaries on a quest for answers, redemption, and ultimately, revenge.

A centimeter being exactly 1/100th of a meter. One cubic centimeter = 0.000,001 cubic meters (SI unit volume). 1 cm³ = 0.000001 m³. Fluid Scruples (us) to Images. 10 Volume (3%) Creme Developer.
