

A Love Worth Waiting For

Chris moves back home with his baby daughter to heal after losing his young wife in a car accident. He is reeling and convinced that his heart won't allow him to love again. Tina took a chance on love and came away damaged and is convinced that it's not a leap she can take again. However, both of them come to realize that time is precious and that every gift should be appreciated because sometimes ... Love grants a second chance.
